

A smile is forever

Transform your smile

We believe everyone deserves a smile they love. That's why Aetna is partnering with online orthodontic vendors to provide innovative orthodontic solutions to dental members.

We're providing a chance for many Americans without nearby orthodontists to get the smile they want.

We're making an ongoing effort to bring accessible, affordable and innovative orthodontic solutions to our members.

Did you know?

60% of U.S. counties have limited access to orthodontist offices. Many people are unable to seek orthodontic solutions because of prohibitive cost

In Idaho and all other states, dental benefits and dental insurance plans are offered and/or underwritten by Aetna Life Insurance Company. In Texas, the dental Preferred Provider Organization (PPO) is known as the Participating Dental Network (PDN). Each insurer has sole financial responsibility for its own products.

Save and smile

We aim to enhance and simplify the member experience through an affordable and convenient direct-to-consumer platform for the first time.

Traditional teeth straightening solutions typically cost between \$5,000 and \$9,000. But these new orthodontic options, on average, cost less and work more quickly than braces or other treatments.

Aetna helps members get fast and simple access to orthodontic care.

Visit the website of the providers listed below to find out more about online orthodontic services.

Contact customer service using the phone number listed on your ID card to learn more.

We bring bright smiles to life with dental solutions that are:

Accessible

From traditional wire-brackets to invisible aligners, our network offers a variety of online orthodontic options. We help members get fast and simple access to orthodontic care.

Certified

Providers oversee remote treatment management and guidance from beginning to end, alleviating the need for in-person appointments.

Convenient

Members can have supplies delivered directly to their home.

"Aetna is committed to making dental care easy and affordable, which is why we offer coverage for a wide range of orthodontic solutions, in order to ensure that we're meeting the needs of each patient."

— Karen Lynch, President of Aetna and Executive Vice President of CVS Health
